Under-Sink Measure Sheet

Measure around the pipes before you buy an organizer.

Cabinet measurements (inches)

Inside width (side to side)	
Inside depth (front to back)	
Height to cabinet top	
Height to bottom of drain trap	
Distance from left wall to pipes	
Distance from right wall to pipes	
Face-frame opening width	
Door hinge clearance	

Check before you buy

- ☐ Garbage disposal or water filter space noted
- ☐ Organizer is adjustable around pipes, or fits beside them
- ☐ Waterproof liner or drip tray on the floor of the cabinet
- ☐ Cleaning chemicals stored safely and away from children and pets
- ☐ Shutoff valves still easy to reach

Tip: Take a photo of the open cabinet and write your measurements on it.
